PERSONAL

February 11, 2013

Dear Prof. Dr. Sanjay Chordiya & **Mrs. Sushama Chordiya**

Please accept warm greetings and congratulations for the function organized on 7th Feb. 2013 for presentation of "Suryadatta National Lifetime Achievement Award" and "Suryadatta National Awards 2013".

Due to health problem, I am sorry I could not give full justice to the programme. I have also missed an opportunity to listen to the speeches of the eminent awardees.

Being part of your organization, I was hesitant to accept the award. However your love did not allow me to refuse the same. This programme also provided me an opportunity to meet several friends including Manindarjit Singh Bitta and others.

Love and affection of friends like you has always remained the strength in my life. I am sure that I will continue to receive the same in future.

I have my dream about Suryadatta Group of Institutes. Within few years, this Institute should be "Harvard" of India. Please try to fulfil my dream.

With warm regards and best wishes for Suryadatta Group of Institutes.

Yours sincerely,

Mohan Dharia

Creating a positive school climate based on strong relationships and involving children in all these activities provides bedrock for learning.

Apart from this, Vocational Education (VE) which is a significant component of the nation's education initiative as the National Policy on Education (2020) recognizes the vital role of Vocational Education. In sync with this policy, we provide our children vocational training by giving them exposure to different vocations such as fashion designing through organising shows and showcasing the talent of students in garment designing, Hospitality Management, Architecture etc.

Our uniqueness is also in the area of organizing Career Fairs which is an important event where our children find guidance and explore different streams of interests, gather the knowledge regarding their future career paths. The School invites industry experts who interact with children about diverse career options. With such job fairs students get exposure to different areas of career growth opportunities and also educating students on how to conduct their job search. We also prepare students for brief internships to understand the areas of their interest and to learn the work culture in organizations they intern with.

Industry VISITS

Industrial visits are important for students in institutions and schools. Industrial visits are increasingly recognised curriculum activities for student development. Its primary goal is to equip pupils with an understanding of how businesses operate inside. Industrial visits offer a variety of benefits. Students have the opportunity to learn something other than what is taught at college. It allows students to gain practical experience from theoretical information through contact, working methods, and employment practices in major industries. It exposes students to contemporary workplace practices rather than theoretical knowledge provided in schools or institutions. Industrial tours provide an excellent opportunity to interact with industries and learn more about them.

We conduct industrial trips for students to allow them to learn about various areas in which they are interested, such as manufacturing, services, finance, and marketing. An industrial tour facilitates the effective integration of academic and practical knowledge. As a result, industrial tours introduce students to real-world situations.
